WILSON CONFERS WITH SENATORS

President Journeys Once More to the Capitol.

MEETS FINANCE COMMITTEE

At the Conclusion of the Conference the Chief Executive Frankly Informs Newspaper Men That Nothing Stands in the Way of Harmonious Support of Democratic Tariff Revision.

Washington, April 10.—In the interest of success for the Democratic tariff revision bill President Wilson stepped over another obstacle in the way of perfect harmony between the White House and the directing forces of congress. For the second time he left his own office in the White House and journeyed to the Capitol, this time for an hour and a half conference with Democratic members of the senate finance committee.

At its conclusion the president stated frankly to newspaper men that he and members of the senate were agreed that nothing stood in the way of harmonious support of the "party platform" as to tariff revision. The senate situation was canvassed in detail at the conference. The dangers that might threaten a single bill, should the opponents of free sugar and free wool combine in sufficient strength to endanger the Democratic majority in the senate, were discussed but no agreement was reached that binds the senate leaders to any definite line of action.

While the senate conference was in progress the full Democratic membership of the house was in caucus at the other end of the Capitol, discussing the details of the tariff bill, the first schedule of which was agreed to without change. Representative Underwood, the Democratic leader of the house, stated at the conclusion of the caucus that the tariff revision would go through the house as a single bill.

Ignores Ancient Precedent.

The president again ignored long standing precedent in seeking a legislative conference within the Capitol. He met the senators in the president's room, near the senate chamber, where presidents have long come to sign the last bills of a dying congress.

At the end of the conference the president, with democratic simplicity, stopped in the senate corridor to tell newspaper men the results of the meeting. Members of the senate finance committee had agreed that the president should be the only spokesman for the conference.

"I hope the senators and representatives will permit me to come here frequently and confer with them in a way to save their time and mine," he said. "At our conference we were discussing the tariff. The net result is, we don't see any difficulty about standing together on any sort of a party program."

The president was asked if the conference had decided whether the tariff would be revised in a single bill or schedule by schedule.

"That's a matter for the other end of the Capitol," he answered, pointing to the house side.

"But they will be guided by your advice, will they not?" he was asked by the newspaper men.

"I haven't asked them," rejoined the president with a smile.

WOMEN INVADE WALL STREET

Hold Suffrage Meeting Beside Mule Cart Near Morgan's Offices.

New York, April 10.—Suffragists adopted a novel method of attracting the attention of the financial district to their cause. Marching beside a small four-wheeled cart drawn by four small mules six youthful suffragists, headed by Miss Mary Donnelly, invaded Wall street. They halted in the shadows of the offices of J. P. Morgan & Co., where Miss Donnelly addressed a large crowd, while the "recruits" distributed suffragist literature.

Two men, bolder than their brothers, stepped from the crowd and each made a speech in the interests of the cause. The crowd was orderly, the speakers not being insulted as were the suffragists who invaded Wall street about a year ago.

Recognizes Chinese Republic.

Lima, Peru, April 10.—It is officially announced that Peru has recognized the Chinese republic.

ONE STANDARD OF MORALITY

Men Equally Guilty With Girls, Says Morals Court Judge.

Chicago, April 10.—"There will not be two standards of morality, one for women and another for men, in this court," declared Judge Hopkins in the new morals court.

He was addressing a policeman who had brought in two girls but had not arrested their two male companions.

"In cases of this kind the men are just as guilty as the women," concluded the court. "Remember that and bring them all in next time."

The girls, who said they had just lost their positions in a department store, where they had earned $7 a week each, were turned over to a probation officer.

WORKERS HAVE NARROW ESCAPE

Mississippi River Levee Near Wilson, Ark., Breaks.

OTHER DIKES ARE WEAKENING

Torrential Rains and High Winds Cause Waters to Rise to an Unprecedented Height and the Indications Are That Levees Will Give Way in Many Places.

Memphis, Tenn., April 10.—After torrential rains and a strong wind one levee gave way before the flood waters of the Mississippi and at half a dozen other points a desperate fight is being waged to hold the turbulent water within bounds, with odds favoring the water. Admittedly the levees are weakening. The water, already at an unprecedented height, is pounding against the dikes with increasing force and whether the embankments can longer withstand the pressure is problematical.

The levee near Wilson, Ark., went out, said to be due to the desertion of about 150 negro laborers. With a roar that could be heard for a mile or more about 100 feet of the earthen revetment collapsed. It was by a narrow margin that the workers along the levee, who kept up the fight to the last minute, reached a place of safety. When the current was hurled through the rapidly widening gap frail negro cabins were tossed about like playthings, trees were swept down and carried away, but, so far as can be ascertained, all of the inhabitants in the immediate proximity of the break got away in time.

As a result of the break parts of Mississippi, Boinsetta, Cross and Crittenden counties will be flooded and with the water coming through the crevasses at Graves Bayou about 40 per cent, or 600,000 acres of the St. Francis basin will be flooded. The greater part of this area is timber land. The water will get back to the Mississippi through the St. Francis river.

Several Towns Threatened.

Wilson, a settlement of about 250 lumber workers and their families, is the most important town that will be swept by the first rush of the water.

Other points considered in the greatest danger are Mound City and Osceola, Ark. At both points the crest of the levee is a foot or more above the water, but the river is being beaten into high waves and sweeping over the rain soaked embankments.

Unprecedented rainfall was reported from throughout the Central Mississippi valley and along streams tributary to the Mississippi river. At Little Rock the precipitation for eighteen hours was 9.36 inches. The Arkansas river is at flood stage and Gouche bayou, a sluggish creek south of Little Rock, is a raging torrent.

The main pipe line which conveys natural gas from the Caddo, La., field to Little Rock, has burst and a majority of Little Rock homes are without light or fuel.

At Hot Springs and other towns the damage was confined to the flooding of cellars and washing out of country roads

The gas supply of Memphis was cut off.

ANOTHER SLICE OF TURKEY

Powers Will Grant Concessions to the Allies.

London, April 10.—The great powers will make certain concessions to the Balkan allies in an endeavor to bring about peace. The concession to Bulgaria is the acceptance of her proposal that the frontier of the Ottoman empire shall be a straight line between Enos and Media, instead of following the course of the Ergene and Miritza rivers, as the powers first suggested.

While reserving the status of the Aegean islands for future determination by the powers they seek to placate Greece by giving assurances that a majority of them will be ceded to her.

The powers also reserve the question of war indemnity settlement to a financial commission to meet in Paris. They insist upon fixing the boundaries of Albania themselves.

URGES KNIFE FOR DUCHESS

Way to Prevent Attacks of Peritonitis, Say Physicians.

London, April 10.—The Duchess of Connaught, who, with the Duke of Connaught, governor general of Canada, arrived in London March 30, has been advised by her physicians to undergo an operation to prevent a recurrence of the acute attacks from which she suffered in Canada.

The duchess was stricken with an attack of peritonitis on Jan. 8 at Ottawa and was removed to Montreal. After her convalescence she came to London to receive treatment from specialists here.

GOVERNOR FIELDER.

Will Call Special Session of New Jersey Legislature.

Photo by American Press Association.

WILSON TO STUMP JERSEY

Will Urge Jury Reform Bill Before Special Session Opens.

Trenton, N. J., April 10.—Governor Fielder announced that he would call a special session of the legislature, to meet May 6, to consider a jury reform bill that is advocated by President Wilson. The bill failed of passage at the regular session of the assembly that adjourned last week.

Governor Fielder said President Wilson would come to New Jersey probably the latter part of this month in an endeavor to arouse public sentiment in favor of the jury reform bill. The exact date of the president's coming is not known. The governor said he had not outlined any other legislation to be taken up at the special session except jury reform.

STRIKE TO ENFORCE MANHOOD SUFFRAGE

Big Industrial Disturbance Coming in Belgium.

Brussels, April 10.—The first active move in preparation for a great general strike to enforce the grant of manhood suffrage in Belgium was made by sending out of the country many of the 300,000 or 400,009 workers who will lay down tools on Monday, April 14, at the bidding of the Socialist party.

It is expected that the train service will cease or be greatly impeded after Sunday. Accordingly the wives, daughters and young boys of hundreds of workmen are crossing the frontiers on every train, placing the noncombatants, as it were, in safety in neutral states. Offers of provisional homes abroad have arrived this week at the rate of 1,000 daily and the directing committee of the strike has received 11,000 offers thus far, 6,000 from France, 4,000 from Holland and 1,000 from Germany.

Trade has increased in all kinds of preserved foods, beans, rice and flour, and the sales of illuminating oils and candles have tripled.

The strike has been decided on by the Belgian Socialist party as the last desperate measure to make the government give Belgium a system of manhood suffrage instead of the system of plural voting now in practice. If it succeeds it will demonstrate the practicability of the strike as a political weapon.

DIES DESPITE SPIRIT TIP

Millionaire Spiritualist Sure He'd Live Until Ninety-five.

Denver, April 10.—Alonzo Thompson, eighty-one years old, millionaire spiritualist and war time auditor of Missouri, who firmly believed ghostly advices that he could not die before he was ninety-five years old, is dead. For six weeks his belief in his imagined span of life supported him in resisting pneumonia and an incidental operation for the removal of a rib.

A year ago his declaration that his "guide" told him his wife and son were conspiring to obtain his fortune led to Mrs. Thompson's divorce decree. The aged millionaire, although three times married, was planning following his "guide" into a fourth matrimonial venture.

Much of Thompson's property was located in Nebraska, North Carolina, Tennessee and Texas. He was state auditor for Missouri between 1863 and 1867.

The Sad Key.

"You see," said the daughter of Mr. Dustin Stax, "when a song is sad it is usually sung in a minor key."

"I see," answered her father; "hence the term minority stockholder."—Washington Star.

Two Plead Guilty to Arson.

Appleton, Wis., April 10.—F. Gordon Shirley, proprietor of the Little Chute Advocate and formerly postmaster of Little Chute, and Paul Shirley pleaded guilty in municipal court to the charge of arson, having set fire to the building occupied by the Little Chute Advocate on March 4. They were sentenced to five and three years respectively in the state reformatory.

TARIFF TO HAVE SOME REAL CUTS

Subject Generally Dull, Now Is Interesting.

PRESENT BILL A SURPRISE.

Most Persons Considering Matter Thought Provisions Would Go No Further Than Bills of Last Congress. Free Wool, Steel Rails and Agricultural Products Are Startling.

By ARTHUR W. DUNN.

Washington, April 10.—[Special.]—The new Democratic tariff will not be enacted into law until after a very interesting session. Generally tariff discussions are rather dull, but when they are devoted to bills which are making important changes in tariff rates the talk becomes more interesting. It becomes apparent that the men in charge of tariff making are not going to permit any "make believe" tariff reductions, but that there will be real cuts in customs duties.

When the Democrats undertook to revise the tariff about twenty years ago there was a group of men in the senate who would not permit such reductions on certain articles as the house Democrats and President Cleveland wanted, but there is no such group now. At least it is not strong enough to assert itself and hold up the bill which the house may pass.

Something of a Surprise.

The tariff bill is something of a surprise to a great many persons. They had no idea that the reductions would go further than the bills of the last congress, and scarcely any one believed that free sugar would be included in the program. To add free wool, steel rails and most of the agricultural products to the free list is going much further than was anticipated by many persons who believed that the Democrats would at first try a mild revision.

It was asserted that the tariff bills of the last congress were largely for "show" purposes and that when the Democrats came into power they would not go so far as those bills indicated. Now that they have gone further there is a deal of uneasiness among the ardent friends of protection.

Benefits of a Running Sore.

Former Senator Carter once remarked that it was a good thing to keep the Philippine Islands, even if they were somewhat expensive, as there would be more or less trouble over them and that it would take the attention of the American people from little and fancied troubles at home.

Though nothing of particular interest was going on in this country, all eyes were focused on Mexico, and glib talk of invasion was going about. Then came the cyclones and the big floods, and Mexico became of no more importance than a white check in a faro game. The big trouble, the big sore spot, according to Carter, was what attracted people and kept them interested.

Maryland Distracted.

John Walter Smith of Maryland selected as a part of the patronage to which he was entitled as a Democratic senator a man who had formerly kept a saloon in Baltimore. At once Maryland Democracy was "all torn up." There is a faction of the Democratic party in Maryland which may be denominated as rather aristocratic, often called the "highbrows."

Well, it is this faction that is making the protest against Senator Smith's selection of a senate messenger, even going to the extent of writing President Wilson on the subject. Factional politics in Maryland are always interesting, but more especially when there is a senatorial election coming along.

Subjects of Discussion.

In case any or all of the questions which have been suggested are to be considered it would be better for them to be taken up and discussed during the extra session, when there is plenty of time, rather than attempt to rush them through in the short session of three months.

Bourne Is Busy.

Because his name is off the payroll has not made any particular difference to Johnathan Bourne. He is working just as hard as when he was a senator. He is working out a problem relating to railway mail pay which he thinks will be fair to the government and the roads.

He also has a plan for adjusting second class mail rates, and as the head of another commission he expects to solve the good roads problem with government aid. All that is "going some" for an ex-senator working for the government without pay.

Want Committees.

Most of the members would like to have the committee assignments made in order that they may have something to do while the long tariff discussion is going on. No doubt the house members could stand it while the bill is considered in that body, but the time which the senate will consume is sure to drag heavily on members of the house unless there is a general understanding that they can go home and leave the house without a working quorum.

But there are many things that the active members want to do, and they are likely to insist that the committees be set to work.

A Great Coffee Market.

Havre is the most important coffee market in Europe, if not in the entire world.

SECRETARY M'ADOO.

Removes All High Customs Officials at Philadelphia.

CUSTOMS SERVICE CHANGES

Secretary McAdoo Removes High Officials at Philadelphia.

Washington, April 10.—Reorganization of the customs service of the Democratic administration was begun when Secretary McAdoo of the treasury department took steps to displace all the high customs officials at the port of Philadelphia.

Mr. McAdoo asked for the resignation of Collector Chester W. Hill, Surveyor Perry M. Lyttle, Appraiser Fred H. Vincent and Naval Officer Walter T. Merrick, all of Philadelphia. He officially announced that the resignations were requested "not because charges have been preferred against them, but because it is deemed essential that these places shall be filled by persons who are in sympathy with the purpose and policies of the administration and also because it is considered vital in the interest of the public that new blood shall be brought into the service."

MILITIA BULLETS HIT TWO PERSONS

Man and Woman Wounded During Strike Riot.

Buffalo, N. Y., April 10.—Troops with fixed bayonets held no terror for the striking carmen of the International Railway company and their sympathizers and the riotous scenes of former days of the strike were not only as numerous but of a more serious nature. All efforts to resume traffic were blocked and all the cars were withdrawn after an intermittent operation of less than four hours.

Once the troops used their rifles. A woman and a man were wounded and a boy received a thrust from a bayonet. The woman probably will die.

Efforts on the part of Mayor Fuhrmaun to bring about a settlement by arbitration met with little encouragement from the company's side.

BLUEING FUMES ARE FATAL

One Workman Suffocated and Nine Overcome in Chicago Plant.

Chicago, April 10.—Fumes from a vat from boiling blueing suffocated William Woertz and overcame nine of his fellow employes. Three are not expected to recover. They were at work in the coloring department of the Alston Lucas Paint company.

Six who fell unconscious were revived by a pulmotor.

It is believed the heavy atmosphere prevented the escape of the fumes from the building, which is specially constructed for safety.

EATON WILL MADE PUBLIC

Widow Accused of Murder Gets Nearly All Estate.

Plymouth, Mass., April 10.—The will of Rear Admiral Joseph G. Eaton, filed for probate, leaves his estate, with the exception of $600, to his widow, who is awaiting trial on the charge of having murdered him.

The will is expected to figure in the trial of Mrs. Eaton, who is named as executrix without bonds.

While no estimate of the value of the estate is given it is supposed to consist mainly of the home and farm at Norwell and life insurance policies.

Joseph Parker Varnum, a nephew, is given $600, one-half of which is to be used for the erection of stones at the graves of the admiral and his first wife and for the perpetual care of the lot.

YUAN SHI KAI'S RIVAL SLAIN

Li Huan Hang, Seeker of China's Leadership, Is Assassinated.

Tokio, April 10.—Li Huan Hang, long the rival of President Yuan Shi Kai for the leadership of China, was assassinated in Wuchang, a town in the province of Hupeh, opposite Hankow, according to a dispatch received from Peking.

ASSERT POPE IS NOT IN DANGER

Official Reports Say Pontiff Is Improving.

SUFFERS FROM DEPRESSION

Pius X. Is Very Weak and His Heart Needs Constant Stimulation—Inflammation of the Kidneys Is Indicated and Great Anxiety Exists Despite Optimistic Reports From the Patient's Bedside.

Rome, April 10.—All official reports regarding the condition of Pope Pius X. agree that his case is not grave and that there is no immediate danger. Anxiety, however, continues on account of the weakness of the pontiff and the action of his heart, which is in need of constant stimulation.

The attending physicians found that the condition of the pope had improved and this improvement was maintained, although the temperature showed a slight increase.

The patient's weakness is being treated by the regular administration of eggs beaten up in milk, but the lack of nourishment contributes to the depression from which the pope suffers.

The relapse is following the same course as the original attack of influenza, a cough being present, with irritation of the bronchial tubes and difficulty in respiration, which has led to the report, in some cases, that the pope is afflicted with asthma. This however, is erroneous. The condition of albuminuria, which usually accompanies influenza, is also present, indicating an inflammation of the kidneys of greater or lesser degree, but it is hoped that this is of a transory character.

Pope's Sisters and Niece Call.

Professor Marchiafava visited the pope and expressed satisfaction at the course the illness is taking. The pope's sisters and niece spent much time at his bedside and when not there they were kept constantly informed by telephone as to the progress of events.

The pope has expressed terror at what the newspapers are capable of inventing concerning his relapse. He is being watched in turn by his valet and his secretaries, Monsignors Bressan and Pescini, and the chemist monk, Prosdocimo, is also in close attendance.

When he felt the effect of a thunder storm of extraordinary violence the pope remarked that his organism was so sensitive to atmospheric changes that he had come to be a kind of a barometer and thermometer.

Professor Marchiafava in a statement expressed himself as highly indignant at the exaggerated reports that had been circulated. He gave solemn assurances that the pope's illness was running a perfectly normal course and said that if no complications arose he would guarantee that the pontiff would be convalescent within a week. Dr. Marchiafava spoke with the greatest apparent sincerity.

BOXING BILL MEETS DEATH

General Legislation Committee Thinks It Aids Prize Fighting.

St. Paul, April 10.—The senate general legislation committee killed the George H. Moeller boxing bill which passed the house last week with a large majority. The vote in committee was close, being 8 to 6. Several senators declared the bill would encourage prize fighting.

After amending the congressional reapportionment bill in one particular and defeating three other attempts to change the bill as sent out by the reapportionment committee the senate passed the measure by a vote of 51 to 5. The amendment of Senator J. C. Coller changing Steele and Waseca from the First to the Third and Goodhue from the Third to the First district was adopted without opposition.

The desk of Senator S. D. Works, chairman of the senate grain investigating committee, was ransacked by an intruder who removed a walnut panel from the main door to the senate chamber to gain an entrance to the room. It is believed that the intruder searched for papers in connection with the grain inquiry.

The house public accounts and expenditures committee bill to abolish the state printing commission and turn state printing over to the board of control was indefinitely postponed by the senate by adopting the report of the senate printing committee.

The senate passed the Cashman joint rate bill, a supplementary measure to the distance tariff bill, by a vote of 34 to 5.

TO MARK GRAVES OF VICTIMS

Mast of Battleship Maine Will Be Erected in Cemetery.

Washington, April 10.—The mast of the old battleship Maine rests in Arlington National cemetery and will be raised as a shaft to mark that section of the national burying ground in which repose the bones of the victims of the disaster, who went down with the ship in Havana harbor. These were interred with impressive honors about a year ago.

KRUTTSCHNITT OFFER FAILS

Government Won't Buy Back Lands and Dismiss Suit.

New York, April 10.—On behalf of the Southern Pacific railroad Julius Kruttschnitt, chairman of the board of directors, offered to sell back to the government at the prevailing price for grazing and agricultural lands 6,300 acres in Kern county, California, of which the government alleges the railroad obtained possession through fraud.

The offer was on condition that the government's charges against the officers of the company were publicly withdrawn. His offer was declined.

WILL HONOR MORGAN.

New York, April 10.—The session of the New York stock exchange will be postponed for two hours next Monday out of respect for the funeral of J. P. Morgan. The governors of the exchange voted to hold the session on Monday from noon until 3 o'clock.

GRAIN AND PROVISION PRICES

South St. Paul Live Stock.

South St. Paul, April 10.—Cattle—Steers, $5.75@8.50; cows and heifers, $4.50@7.00; calves, $4.25@7.50; feeders, $4.50@7.75. Hogs—$8.85@9.00. Sheep—Lambs, $4.50@8.35; wethers, $4.50@6.00; ewes, $2.25@6.15.

Duluth Wheat and Flax.

Duluth, April 10.—Wheat—To arrive and on track—No. 1 hard, 88⅝c; No. 1 Northern, 87⅝c; No. 2 Northern, 84⅝@85⅝c; May, 88⅝c; July, 90¼c. Flax—On track, $1.26½@1.27; to arrive, $1.27; May, $1.27½; July, $1.29⅞.

Chicago Grain and Provisions.

Chicago, April 10.—Wheat—May, 92½@92⅝c; July, 90⅝@90¾c; Sept., 90c. Corn—May, 56¼@56⅝c; July, 57c; Sept., 57⅜@57½c. Oats—May, 35⅞@36c; July, 35½c; Sept., 34⅞c. Pork—May, $19.72@19.75; July, $19.-90. Butter—Creameries, 27@34c. Eggs—17¼@18¼c. Poultry—Turkeys, 18c; chickens, 17½c; springs, 17½c.

Chicago Live Stock.

Chicago, April 10.—Cattle—Beeves, $7.20@9.20; Texas steers, $6.65@7.85; Western steers, $6.85@8.10; stockers and feeders, $6.10@8.10; cows and heifers, $3.70@8.35; calves, $6.00@8.-60. Hogs—Light, $8.95@9.30; mixed, $8.80@9.25; heavy, $8.60@9.15; rough, $8.60@8.80; pigs, $6.90@9.20. Sheep—Native, $6.35@7.40; yearlings, $7.30@8.50; lambs, $6.90@9.10.

Minneapolis Grain.

Minneapolis, April 10.—Wheat—May, 87⅛c; July, 89⅜c. Cash close on track: No. 1 hard, 89¼c; No. 1 Northern, 87¼@88¾c; to arrive, 87@87¾c; No. 2 Northern, 85@86½c; No. 3 Northern, 82½@84¼c; No. 3 yellow corn, 52@52½c; No. 4 corn, 49c; No. 3 white oats, 31¼@32c; to arrive, 32c; No. 3 oats, 29@30c; barley, 40@57c; flax, $1.27½; to arrive, $1.27½.

BURN WIDOW'S HAYSTACK.

London, April 10.—The militant suffragettes are again active around Nottingham. A haystack belonging to a widow was destroyed by fire. Suffragette literature was left nearby. In view of the recent threats of the suffragettes a close guard is being kept on Nottingham Castle and other public buildings.

OFFERS FEDERAL WAGE LAW

Senator Chilton Would Fix Minimum of $9 for Women.

Washington, April 10.—A minimum wage of $9 a week for all women and girls employed in work which goes into interstate commerce and a prohibition against the employment of girls less than fifteen years old are proposed in a bill introduced by Senator Chilton.

The $9 minimum wage would apply to all women employed in transportation, telegraph and like interstate service and to women employed in manufacturing establishments, the products of which are shipped in interstate commerce.

NICHOLAS WILL ABDICATE

Montenegrin King to Quit Throne if Powers Use Force.

London, April 10.—King Nicholas of Montenegro definitely has arranged plans to abdicate his throne if force is employed by the European powers against his little kingdom. This announcement was made in official Montenegrin circles here.

The arrangements were made by King Nicholas in consultation with King Peter of Servia. The agreement provides that King Nicholas shall abdicate and with his family quit his country.

Montenegro then will effect a union with Servia, while King Nicholas and his family will be given an appropriate provision from the civil list and will reserve a right of succession to the Servo-Montenegrin throne.

WILSON CONFERS WITH SENATORS

President Journeys Once More to the Capitol.

MEETS FINANCE COMMITTEE

At the Conclusion of the Conference the Chief Executive Frankly Informs Newspaper Men That Nothing Stands in the Way of Harmonious Support of Democratic Tariff Revision.

Washington, April 10.—In the interest of success for the Democratic tariff revision bill President Wilson stepped over another obstacle in the way of perfect harmony between the White House and the directing forces of congress. For the second time he left his own office in the White House and journeyed to the Capitol, this time for an hour and a half conference with Democratic members of the senate finance committee.

At its conclusion the president stated frankly to newspaper men that he and members of the senate were agreed that nothing stood in the way of harmonious support of the "party platform" as to tariff revision. The senate situation was canvassed in detail at the conference. The dangers that might threaten a single bill, should the opponents of free sugar and free wool combine in sufficient strength to endanger the Democratic majority in the senate, were discussed but no agreement was reached that binds the senate leaders to any definite line of action.

While the senate conference was in progress the full Democratic membership of the house was in caucus at the other end of the Capitol, discussing the details of the tariff bill, the first schedule of which was agreed to without change. Representative Underwood, the Democratic leader of the house, stated at the conclusion of the caucus that the tariff revision would go through the house as a single bill.

Ignores Ancient Precedent.

The president again ignored long standing precedent in seeking a legislative conference within the Capitol. He met the senators in the president's room, near the senate chamber, where presidents have long come to sign the last bills of a dying congress.

At the end of the conference the president, with democratic simplicity, stopped in the senate corridor to tell newspaper men the results of the meeting. Members of the senate finance committee had agreed that the president should be the only spokesman for the conference.

"I hope the senators and representatives will permit me to come here frequently and confer with them in a way to save their time and mine," he said. "At our conference we were discussing the tariff. The net result is, we don't see any difficulty about standing together on any sort of a party program."

The president was asked if the conference had decided whether the tariff would be revised in a single bill or schedule by schedule.

"That's a matter for the other end of the Capitol," he answered, pointing to the house side.

"But they will be guided by your advice, will they not?" he was asked by the newspaper men.

"I haven't asked them," rejoined the president with a smile.

WOMEN INVADE WALL STREET

Hold Suffrage Meeting Beside Mule Cart Near Morgan's Offices.

New York, April 10.—Suffragists adopted a novel method of attracting the attention of the financial district to their cause. Marching beside a small four-wheeled cart drawn by four small mules six youthful suffragists, headed by Miss Mary Donnelly, invaded Wall street. They halted in the shadows of the offices of J. P. Morgan & Co., where Miss Donnelly addressed a large crowd, while the "recruits" distributed suffragist literature.

Two men, bolder than their brothers, stepped from the crowd and each made a speech in the interests of the cause. The crowd was orderly, the speakers not being insulted as were the suffragists who invaded Wall street about a year ago.

Recognizes Chinese Republic.

Lima, Peru, April 10.—It is officially announced that Peru has recognized the Chinese republic.

ONE STANDARD OF MORALITY

Men Equally Guilty With Girls, Says Morals Court Judge.

Chicago, April 10.—"There will not be two standards of morality, one for women and another for men, in this court," declared Judge Hopkins in the new morals court.

He was addressing a policeman who had brought in two girls but had not arrested their two male companions.

"In cases of this kind the men are just as guilty as the women," concluded the court. "Remember that and bring them all in next time."

The girls, who said they had just lost their positions in a department store, where they had earned $7 a week each, were turned over to a probation officer.

WORKERS HAVE NARROW ESCAPE

Mississippi River Levee Near Wilson, Ark., Breaks.

OTHER DIKES ARE WEAKENING

Torrential Rains and High Winds Cause Waters to Rise to an Unprecedented Height and the Indications Are That Levees Will Give Way in Many Places.

Memphis, Tenn., April 10.—After torrential rains and a strong wind one levee gave way before the flood waters of the Mississippi and at half a dozen other points a desperate fight is being waged to hold the turbulent water within bounds, with odds favoring the water. Admittedly the levees are weakening. The water, already at an unprecedented height, is pounding against the dikes with increasing force and whether the embankments can longer withstand the pressure is problematical.

The levee near Wilson, Ark., went out, said to be due to the desertion of about 150 negro laborers. With a roar that could be heard for a mile or more about 100 feet of the earthen revetment collapsed. It was by a narrow margin that the workers along the levee, who kept up the fight to the last minute, reached a place of safety. When the current was hurled through the rapidly widening gap frail negro cabins were tossed about like playthings, trees were swept down and carried away, but, so far as can be ascertained, all of the inhabitants in the immediate proximity of the break got away in time.

As a result of the break parts of Mississippi, Boinsetta, Cross and Crittenden counties will be flooded and with the water coming through the crevasses at Graves Bayou about 40 per cent, or 600,000 acres of the St. Francis basin will be flooded. The greater part of this area is timber land. The water will get back to the Mississippi through the St. Francis river.

Several Towns Threatened.

Wilson, a settlement of about 250 lumber workers and their families, is the most important town that will be swept by the first rush of the water.

Other points considered in the greatest danger are Mound City and Osceola, Ark. At both points the crest of the levee is a foot or more above the water, but the river is being beaten into high waves and sweeping over the rain soaked embankments.

Unprecedented rainfall was reported from throughout the Central Mississippi valley and along streams tributary to the Mississippi river. At Little Rock the precipitation for eighteen hours was 9.36 inches. The Arkansas river is at flood stage and Gouche bayou, a sluggish creek south of Little Rock, is a raging torrent.

The main pipe line which conveys natural gas from the Caddo, La., field to Little Rock, has burst and a majority of Little Rock homes are without light or fuel.

At Hot Springs and other towns the damage was confined to the flooding of cellars and washing out of country roads

The gas supply of Memphis was cut off.

ANOTHER SLICE OF TURKEY

Powers Will Grant Concessions to the Allies.

London, April 10.—The great powers will make certain concessions to the Balkan allies in an endeavor to bring about peace. The concession to Bulgaria is the acceptance of her proposal that the frontier of the Ottoman empire shall be a straight line between Enos and Media, instead of following the course of the Ergene and Miritza rivers, as the powers first suggested.

While reserving the status of the Aegean islands for future determination by the powers they seek to placate Greece by giving assurances that a majority of them will be ceded to her.

The powers also reserve the question of war indemnity settlement to a financial commission to meet in Paris. They insist upon fixing the boundaries of Albania themselves.

URGES KNIFE FOR DUCHESS

Way to Prevent Attacks of Peritonitis, Say Physicians.

London, April 10.—The Duchess of Connaught, who, with the Duke of Connaught, governor general of Canada, arrived in London March 30, has been advised by her physicians to undergo an operation to prevent a recurrence of the acute attacks from which she suffered in Canada.

The duchess was stricken with an attack of peritonitis on Jan. 8 at Ottawa and was removed to Montreal. After her convalescence she came to London to receive treatment from specialists here.

GOVERNOR FIELDER.

Will Call Special Session of New Jersey Legislature.

Photo by American Press Association.

WILSON TO STUMP JERSEY

Will Urge Jury Reform Bill Before Special Session Opens.

Trenton, N. J., April 10.—Governor Fielder announced that he would call a special session of the legislature, to meet May 6, to consider a jury reform bill that is advocated by President Wilson. The bill failed of passage at the regular session of the assembly that adjourned last week.

Governor Fielder said President Wilson would come to New Jersey probably the latter part of this month in an endeavor to arouse public sentiment in favor of the jury reform bill. The exact date of the president's coming is not known. The governor said he had not outlined any other legislation to be taken up at the special session except jury reform.

STRIKE TO ENFORCE MANHOOD SUFFRAGE

Big Industrial Disturbance Coming in Belgium.

Brussels, April 10.—The first active move in preparation for a great general strike to enforce the grant of manhood suffrage in Belgium was made by sending out of the country many of the 300,000 or 400,009 workers who will lay down tools on Monday, April 14, at the bidding of the Socialist party.

It is expected that the train service will cease or be greatly impeded after Sunday. Accordingly the wives, daughters and young boys of hundreds of workmen are crossing the frontiers on every train, placing the noncombatants, as it were, in safety in neutral states. Offers of provisional homes abroad have arrived this week at the rate of 1,000 daily and the directing committee of the strike has received 11,000 offers thus far, 6,000 from France, 4,000 from Holland and 1,000 from Germany.

Trade has increased in all kinds of preserved foods, beans, rice and flour, and the sales of illuminating oils and candles have tripled.

The strike has been decided on by the Belgian Socialist party as the last desperate measure to make the government give Belgium a system of manhood suffrage instead of the system of plural voting now in practice. If it succeeds it will demonstrate the practicability of the strike as a political weapon.

DIES DESPITE SPIRIT TIP

Millionaire Spiritualist Sure He'd Live Until Ninety-five.

Denver, April 10.—Alonzo Thompson, eighty-one years old, millionaire spiritualist and war time auditor of Missouri, who firmly believed ghostly advices that he could not die before he was ninety-five years old, is dead. For six weeks his belief in his imagined span of life supported him in resisting pneumonia and an incidental operation for the removal of a rib.

A year ago his declaration that his "guide" told him his wife and son were conspiring to obtain his fortune led to Mrs. Thompson's divorce decree. The aged millionaire, although three times married, was planning following his "guide" into a fourth matrimonial venture.

Much of Thompson's property was located in Nebraska, North Carolina, Tennessee and Texas. He was state auditor for Missouri between 1863 and 1867.

The Sad Key.

"You see," said the daughter of Mr. Dustin Stax, "when a song is sad it is usually sung in a minor key."

"I see," answered her father; "hence the term minority stockholder."—Washington Star.

Two Plead Guilty to Arson.

Appleton, Wis., April 10.—F. Gordon Shirley, proprietor of the Little Chute Advocate and formerly postmaster of Little Chute, and Paul Shirley pleaded guilty in municipal court to the charge of arson, having set fire to the building occupied by the Little Chute Advocate on March 4. They were sentenced to five and three years respectively in the state reformatory.

TARIFF TO HAVE SOME REAL CUTS

Subject Generally Dull, Now Is Interesting.

PRESENT BILL A SURPRISE.

Most Persons Considering Matter Thought Provisions Would Go No Further Than Bills of Last Congress. Free Wool, Steel Rails and Agricultural Products Are Startling.

By ARTHUR W. DUNN.

Washington, April 10.—[Special.]—The new Democratic tariff will not be enacted into law until after a very interesting session. Generally tariff discussions are rather dull, but when they are devoted to bills which are making important changes in tariff rates the talk becomes more interesting. It becomes apparent that the men in charge of tariff making are not going to permit any "make believe" tariff reductions, but that there will be real cuts in customs duties.

When the Democrats undertook to revise the tariff about twenty years ago there was a group of men in the senate who would not permit such reductions on certain articles as the house Democrats and President Cleveland wanted, but there is no such group now. At least it is not strong enough to assert itself and hold up the bill which the house may pass.

Something of a Surprise.

The tariff bill is something of a surprise to a great many persons. They had no idea that the reductions would go further than the bills of the last congress, and scarcely any one believed that free sugar would be included in the program. To add free wool, steel rails and most of the agricultural products to the free list is going much further than was anticipated by many persons who believed that the Democrats would at first try a mild revision.

It was asserted that the tariff bills of the last congress were largely for "show" purposes and that when the Democrats came into power they would not go so far as those bills indicated. Now that they have gone further there is a deal of uneasiness among the ardent friends of protection.

Benefits of a Running Sore.

Former Senator Carter once remarked that it was a good thing to keep the Philippine Islands, even if they were somewhat expensive, as there would be more or less trouble over them and that it would take the attention of the American people from little and fancied troubles at home.

Though nothing of particular interest was going on in this country, all eyes were focused on Mexico, and glib talk of invasion was going about. Then came the cyclones and the big floods, and Mexico became of no more importance than a white check in a faro game. The big trouble, the big sore spot, according to Carter, was what attracted people and kept them interested.

Maryland Distracted.

John Walter Smith of Maryland selected as a part of the patronage to which he was entitled as a Democratic senator a man who had formerly kept a saloon in Baltimore. At once Maryland Democracy was "all torn up." There is a faction of the Democratic party in Maryland which may be denominated as rather aristocratic, often called the "highbrows."

Well, it is this faction that is making the protest against Senator Smith's selection of a senate messenger, even going to the extent of writing President Wilson on the subject. Factional politics in Maryland are always interesting, but more especially when there is a senatorial election coming along.

Subjects of Discussion.

In case any or all of the questions which have been suggested are to be considered it would be better for them to be taken up and discussed during the extra session, when there is plenty of time, rather than attempt to rush them through in the short session of three months.

Bourne Is Busy.

Because his name is off the payroll has not made any particular difference to Johnathan Bourne. He is working just as hard as when he was a senator. He is working out a problem relating to railway mail pay which he thinks will be fair to the government and the roads.

He also has a plan for adjusting second class mail rates, and as the head of another commission he expects to solve the good roads problem with government aid. All that is "going some" for an ex-senator working for the government without pay.

Want Committees.

Most of the members would like to have the committee assignments made in order that they may have something to do while the long tariff discussion is going on. No doubt the house members could stand it while the bill is considered in that body, but the time which the senate will consume is sure to drag heavily on members of the house unless there is a general understanding that they can go home and leave the house without a working quorum.

But there are many things that the active members want to do, and they are likely to insist that the committees be set to work.

A Great Coffee Market.

Havre is the most important coffee market in Europe, if not in the entire world.

SECRETARY M'ADOO.

Removes All High Customs Officials at Philadelphia.

CUSTOMS SERVICE CHANGES

Secretary McAdoo Removes High Officials at Philadelphia.

Washington, April 10.—Reorganization of the customs service of the Democratic administration was begun when Secretary McAdoo of the treasury department took steps to displace all the high customs officials at the port of Philadelphia.

Mr. McAdoo asked for the resignation of Collector Chester W. Hill, Surveyor Perry M. Lyttle, Appraiser Fred H. Vincent and Naval Officer Walter T. Merrick, all of Philadelphia. He officially announced that the resignations were requested "not because charges have been preferred against them, but because it is deemed essential that these places shall be filled by persons who are in sympathy with the purpose and policies of the administration and also because it is considered vital in the interest of the public that new blood shall be brought into the service."

MILITIA BULLETS HIT TWO PERSONS

Man and Woman Wounded During Strike Riot.

Buffalo, N. Y., April 10.—Troops with fixed bayonets held no terror for the striking carmen of the International Railway company and their sympathizers and the riotous scenes of former days of the strike were not only as numerous but of a more serious nature. All efforts to resume traffic were blocked and all the cars were withdrawn after an intermittent operation of less than four hours.

Once the troops used their rifles. A woman and a man were wounded and a boy received a thrust from a bayonet. The woman probably will die.

Efforts on the part of Mayor Fuhrmaun to bring about a settlement by arbitration met with little encouragement from the company's side.

BLUEING FUMES ARE FATAL

One Workman Suffocated and Nine Overcome in Chicago Plant.

Chicago, April 10.—Fumes from a vat from boiling blueing suffocated William Woertz and overcame nine of his fellow employes. Three are not expected to recover. They were at work in the coloring department of the Alston Lucas Paint company.

Six who fell unconscious were revived by a pulmotor.

It is believed the heavy atmosphere prevented the escape of the fumes from the building, which is specially constructed for safety.

EATON WILL MADE PUBLIC

Widow Accused of Murder Gets Nearly All Estate.

Plymouth, Mass., April 10.—The will of Rear Admiral Joseph G. Eaton, filed for probate, leaves his estate, with the exception of $600, to his widow, who is awaiting trial on the charge of having murdered him.

The will is expected to figure in the trial of Mrs. Eaton, who is named as executrix without bonds.

While no estimate of the value of the estate is given it is supposed to consist mainly of the home and farm at Norwell and life insurance policies.

Joseph Parker Varnum, a nephew, is given $600, one-half of which is to be used for the erection of stones at the graves of the admiral and his first wife and for the perpetual care of the lot.

YUAN SHI KAI'S RIVAL SLAIN

Li Huan Hang, Seeker of China's Leadership, Is Assassinated.

Tokio, April 10.—Li Huan Hang, long the rival of President Yuan Shi Kai for the leadership of China, was assassinated in Wuchang, a town in the province of Hupeh, opposite Hankow, according to a dispatch received from Peking.

ASSERT POPE IS NOT IN DANGER

Official Reports Say Pontiff Is Improving.

SUFFERS FROM DEPRESSION

Pius X. Is Very Weak and His Heart Needs Constant Stimulation—Inflammation of the Kidneys Is Indicated and Great Anxiety Exists Despite Optimistic Reports From the Patient's Bedside.

Rome, April 10.—All official reports regarding the condition of Pope Pius X. agree that his case is not grave and that there is no immediate danger. Anxiety, however, continues on account of the weakness of the pontiff and the action of his heart, which is in need of constant stimulation.

The attending physicians found that the condition of the pope had improved and this improvement was maintained, although the temperature showed a slight increase.

The patient's weakness is being treated by the regular administration of eggs beaten up in milk, but the lack of nourishment contributes to the depression from which the pope suffers.

The relapse is following the same course as the original attack of influenza, a cough being present, with irritation of the bronchial tubes and difficulty in respiration, which has led to the report, in some cases, that the pope is afflicted with asthma. This however, is erroneous. The condition of albuminuria, which usually accompanies influenza, is also present, indicating an inflammation of the kidneys of greater or lesser degree, but it is hoped that this is of a transory character.

Pope's Sisters and Niece Call.

Professor Marchiafava visited the pope and expressed satisfaction at the course the illness is taking. The pope's sisters and niece spent much time at his bedside and when not there they were kept constantly informed by telephone as to the progress of events.

The pope has expressed terror at what the newspapers are capable of inventing concerning his relapse. He is being watched in turn by his valet and his secretaries, Monsignors Bressan and Pescini, and the chemist monk, Prosdocimo, is also in close attendance.

When he felt the effect of a thunder storm of extraordinary violence the pope remarked that his organism was so sensitive to atmospheric changes that he had come to be a kind of a barometer and thermometer.

Professor Marchiafava in a statement expressed himself as highly indignant at the exaggerated reports that had been circulated. He gave solemn assurances that the pope's illness was running a perfectly normal course and said that if no complications arose he would guarantee that the pontiff would be convalescent within a week. Dr. Marchiafava spoke with the greatest apparent sincerity.

BOXING BILL MEETS DEATH

General Legislation Committee Thinks It Aids Prize Fighting.

St. Paul, April 10.—The senate general legislation committee killed the George H. Moeller boxing bill which passed the house last week with a large majority. The vote in committee was close, being 8 to 6. Several senators declared the bill would encourage prize fighting.

After amending the congressional reapportionment bill in one particular and defeating three other attempts to change the bill as sent out by the reapportionment committee the senate passed the measure by a vote of 51 to 5. The amendment of Senator J. C. Coller changing Steele and Waseca from the First to the Third and Goodhue from the Third to the First district was adopted without opposition.

The desk of Senator S. D. Works, chairman of the senate grain investigating committee, was ransacked by an intruder who removed a walnut panel from the main door to the senate chamber to gain an entrance to the room. It is believed that the intruder searched for papers in connection with the grain inquiry.

The house public accounts and expenditures committee bill to abolish the state printing commission and turn state printing over to the board of control was indefinitely postponed by the senate by adopting the report of the senate printing committee.

The senate passed the Cashman joint rate bill, a supplementary measure to the distance tariff bill, by a vote of 34 to 5.

TO MARK GRAVES OF VICTIMS

Mast of Battleship Maine Will Be Erected in Cemetery.

Washington, April 10.—The mast of the old battleship Maine rests in Arlington National cemetery and will be raised as a shaft to mark that section of the national burying ground in which repose the bones of the victims of the disaster, who went down with the ship in Havana harbor. These were interred with impressive honors about a year ago.

KRUTTSCHNITT OFFER FAILS

Government Won't Buy Back Lands and Dismiss Suit.

New York, April 10.—On behalf of the Southern Pacific railroad Julius Kruttschnitt, chairman of the board of directors, offered to sell back to the government at the prevailing price for grazing and agricultural lands 6,300 acres in Kern county, California, of which the government alleges the railroad obtained possession through fraud.

The offer was on condition that the government's charges against the officers of the company were publicly withdrawn. His offer was declined.

WILL HONOR MORGAN.

New York, April 10.—The session of the New York stock exchange will be postponed for two hours next Monday out of respect for the funeral of J. P. Morgan. The governors of the exchange voted to hold the session on Monday from noon until 3 o'clock.

Minneapolis Grain.

Minneapolis, April 10.—Wheat—May, 87⅛c; July, 89⅜c. Cash close on track: No. 1 hard, 89¼c; No. 1 Northern, 87¼@88¾c; to arrive, 87@87¾c; No. 2 Northern, 85@86½c; No. 3 Northern, 82½@84¼c; No. 3 yellow corn, 52@52½c; No. 4 corn, 49c; No. 3 white oats, 31¼@32c; to arrive, 32c; No. 3 oats, 29@30c; barley, 40@57c; flax, $1.27½; to arrive, $1.27½.

OFFERS FEDERAL WAGE LAW

Senator Chilton Would Fix Minimum of $9 for Women.

Washington, April 10.—A minimum wage of $9 a week for all women and girls employed in work which goes into interstate commerce and a prohibition against the employment of girls less than fifteen years old are proposed in a bill introduced by Senator Chilton.

The $9 minimum wage would apply to all women employed in transportation, telegraph and like interstate service and to women employed in manufacturing establishments, the products of which are shipped in interstate commerce.

BURN WIDOW'S HAYSTACK.

London, April 10.—The militant suffragettes are again active around Nottingham. A haystack belonging to a widow was destroyed by fire. Suffragette literature was left nearby. In view of the recent threats of the suffragettes a close guard is being kept on Nottingham Castle and other public buildings.

NICHOLAS WILL ABDICATE

Montenegrin King to Quit Throne if Powers Use Force.

London, April 10.—King Nicholas of Montenegro definitely has arranged plans to abdicate his throne if force is employed by the European powers against his little kingdom. This announcement was made in official Montenegrin circles here.

The arrangements were made by King Nicholas in consultation with King Peter of Servia. The agreement provides that King Nicholas shall abdicate and with his family quit his country.

Montenegro then will effect a union with Servia, while King Nicholas and his family will be given an appropriate provision from the civil list and will reserve a right of succession to the Servo-Montenegrin throne.

Schmidt's bottle beer, famous for quality. Order a case. Telephone 164. John Coates Liquor Co.—Adv.

The Woman's Home and Foreign Missionary society of the Presbyterian church will meet with Mrs. J. S. Robertson, 418 S. 9th street on Friday afternoon, April 11th. A large attendance is requested.

Gus D. Walters and Sam Reider, advance agents of the "Jeff and Mut" company, were in the city today and completed arrangements for the appearance of the comedy at the Brainerd opera house on Wednesday evening, April 16.

Rev. Karl A. Lundin has received a second call from the Third Baptist church in Duluth. Rev. Lundin is the popular pastor of the Swedish Baptist church of this city and was pastor of the First Swedish Baptist church in Duluth for nearly seven years.

Farm loans for farms by a farmer. R. R. Livingston, Telephone 414-3. —Advt. 173d-1wtf

John Theodore Morine, the 10 year old son of George Morine, of Aitkin, passed away at a local hospital, tubercular meningitis being the cause of death. Mr. Morine has had more than his share of misfortune. In a year and a half past he lost his wife and four children.

Sunday evening at the Swedish Baptist church there will be an "Echo Meeting" of the Sunday school convention at Duluth. Each delegate is expected to give some report of the Sunday school convention. Dr. Joseph Nicholson will give a talk in general about the Sunday school convention.

Muresco Sanitary Wall finish is sold only by D. M. Clark & Co.— Advt. 249tf

A chimney fire called out the fire department to the residence of Julius Deering, 520 North Third street last evening. No damage was done by the blaze and it was not necessary to turn on any water. When smoke filled the room, Mrs. Deering, unable to locate the source, thought it best to telephone the department.

That it pays to raise pigs in Crow Wing county was amply demonstrated at the meat market of McGinn & Smith today, where a monster hog weighing 419 pounds, dressed weight, reposed on the scales. The pig was a Red Duroc sow raised by Charles Clute of Fort Ripley, and brought him 9c a pound, or $37.71. This is a good price and about twice that which the farmers received ten years ago.

The Degree of Pocahontas will give a dance on Thursday evening in Red Men's hall. Tickets 25 cents. —Advt. 261t3

A Sunday school baseball league composed of players not over 15 years of age is in process of organization. Superintendents of the Presbyterian, Methodist, Baptist and Congregational churches are establishing the league. The season will commence the middle of May and the boys will play Saturday afternoons. A regular schedule will be maintained and the percentage of each team published in the Dispatch.

Remember the banquet at seven o'clock sharp tonight at the Y. M. C. A. This is for all those who have either joined the Y. M. C. A., renewed their membership or got someone else to join the association during the month of March. All members whether they succeeded to get their name on the above mentioned list or not are most cordially invited to attend the annual board meeting immediately following the banquet. This part of the evening's program will begin about eight o'clock and will consist of addresses and reports by the secretary. All members are most earnestly urged to attend, that they may assist in the election or re-election of the five board members whose terms expire at this time.

Beware of Ointments for Catarrh that Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle..
Take Hall's Family Pills for constipation.

Johnson-Leonard

William H. Johnson and Minnie Leonard were married last evening at the manse of the Presbyterian church, Rev. W. J. Lowrie officiating. The short ring ceremony of the church was used. Mr. Johnson, through his connection with the Johnson Pharmacy company, is known throughout the city as a popular business man. The bride is also favorably known to Brainerd people. They will go to housekeeping at once. The Dispatch joins their many friends in wishing them much happiness and prosperity.

Best Known Cough Remedy
For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done. "After 20 years I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles, it has no qual. 50c and $1.00 at H. P. Dunn's —Advt.

Statistical Error.

Gabe—According to the census reports, there are only 125,000 idiots in the United States. Steve—Some one has been cheating. Why, I meet that many every day.—Cincinnati Enquirer.

After All, What is it You Most Desire in a Spring Gown---

Is it exclusiveness of style:-you can be sure of it by having the garment made to your individual measure.
Is it distinctiveness of material?:-You can be certain of finding it here and now at a price you'll be glad to pay, for we are the only store handling La Porte Fabrics direct from the mills.
Is it elegance of fit or finish?:-Then by all means pick the style most becoming to you—and select the material from our beautiful display of

La Porte Dress and Wash Goods

and have an experienced dressmaker make the dress as you want it made, or make it yourself.
Aside from the supreme satisfaction which follows the completion of any dress made of La Porte Fabrics—it is decidedly to your advantage to personally select your own material and have your dresses made up as you want them made.
We know of any number of instances where this plan has been the means of saving from a third to half the price of a single dress.
Isn't it only reasonable to believe that by buying your goods here and now you can enjoy a similar or even greater saving?
Visit our Dress Goods department tomorrow. See how splendidly able we are to serve you.

Prices 25c to $3.50 the yard

What to wear? How to make it? What to make it of?

You will find these and hundreds of other questions correctly answered at Murphy's Smart Shop.

John Theodore Morine, the 10 year old son of George Morine, of Aitkin, passed away at a local hospital, tubercular meningitis being the cause of death. Mr. Morine has had more than his share of misfortune. In a year and a half past he lost his wife and four children.

Sunday evening at the Swedish Baptist church there will be an "Echo Meeting" of the Sunday school convention at Duluth. Each delegate is expected to give some report of the Sunday school convention. Dr. Joseph Nicholson will give a talk in general about the Sunday school convention.

Muresco Sanitary Wall finish is sold only by D. M. Clark & Co.— Advt. 249tf

A chimney fire called out the fire department to the residence of Julius Deering, 520 North Third street last evening. No damage was done by the blaze and it was not necessary to turn on any water. When smoke filled the room, Mrs. Deering, unable to locate the source, thought it best to telephone the department.

That it pays to raise pigs in Crow Wing county was amply demonstrated at the meat market of McGinn & Smith today, where a monster hog weighing 419 pounds, dressed weight, reposed on the scales. The pig was a Red Duroc sow raised by Charles Clute of Fort Ripley, and brought him 9c a pound, or $37.71. This is a good price and about twice that which the farmers received ten years ago.

The Degree of Pocahontas will give a dance on Thursday evening in Red Men's hall. Tickets 25 cents. —Advt. 261t3

A Sunday school baseball league composed of players not over 15 years of age is in process of organization. Superintendents of the Presbyterian, Methodist, Baptist and Congregational churches are establishing the league. The season will commence the middle of May and the boys will play Saturday afternoons. A regular schedule will be maintained and the percentage of each team published in the Dispatch.

Remember the banquet at seven o'clock sharp tonight at the Y. M. C. A. This is for all those who have either joined the Y. M. C. A., renewed their membership or got someone else to join the association during the month of March. All members whether they succeeded to get their name on the above mentioned list or not are most cordially invited to attend the annual board meeting immediately following the banquet. This part of the evening's program will begin about eight o'clock and will consist of addresses and reports by the secretary. All members are most earnestly urged to attend, that they may assist in the election or re-election of the five board members whose terms expire at this time.

Beware of Ointments for Catarrh that Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.
Take Hall's Family Pills for constipation.

Johnson-Leonard

William H. Johnson and Minnie Leonard were married last evening at the manse of the Presbyterian church, Rev. W. J. Lowrie officiating. The short ring ceremony of the church was used. Mr. Johnson, through his connection with the Johnson Pharmacy company, is known throughout the city as a popular business man. The bride is also favorably known to Brainerd people. They will go to housekeeping at once. The Dispatch joins their many friends in wishing them much happiness and prosperity.

THE CUYUNA RANGE STRIKE SITUATION

Men on Strike and Men Not Working at Four Mines Estimated at 850 Miners

THOMPSON MAY RESUME SOON

No Disorder of Any Kind on Range—Chester D. Tripp, General Manager, Expected Soon

The Cuyuna range strike still continues and the men have not returned to work. Approximately 850 miners, counting those striking and those who discontinued work, are idle and they embrace practically all those working underground in this section of the north range, as well as a few score of surface men.

The Kennedy mine at Cuyuna, the Armour No. 1 and Armour No. 2 mines at Ironton and the Thompson mine of the Inland Steel company near Crosby have ceased hoisting.

A miners' committee of eight, composed of two from Crosby, four from Ironton and two from Cuyuna, is acting in an advisory capacity and a meeting with the mining companies is scheduled to take place today. The general feeling is that the grievances of the men will be satisfactorily adjusted.

The strikers demand a minimum wage scale of $3 a day flat in place of the present contract system under which they are paid according to the amount of ore mined. They also ask a change in night shift hours and as the shifts alternate, all are interested in this demand.

There is no disorder. The miners early petitioned the authorities to close the saloons and they have also, says the miners' committee, offered to furnish 50 men to act as special police to protect the mining properties.

Parading Crosby Wednesday morning with a Finlander brass band at the head, 400 miners marching in close rank three abreast visited the Thompson mine and induced the miners there to quit work. The parade was fully two blocks long. It is reported that Industrial Workers of the World organizers may arrive in Crosby today.

A heavy blizzard raged Wednesday evening and caused the great majority to seek the shelter of their homes. Sheriff Reid, Deputy Sheriff Claus Theorin and a number of deputies arrived at Crosby Wednesday. The deputies have been distributed about the various mining properties.

Mayor Culver Adams, of Deerwood, has ordered the saloons of his town closed should any of the miners leave the strike area four mile distant. The saloons in the strike district at Crosby, Cuyuna, Ironton and Julesburg are tightly closed.

Brewing companies have forbidden their agents to sell case beer and the embargo on liquor is now complete.

The report that the Pennington mine, a stripping proposition west of Ironton and Crosby, had gone out is erroneous. The 200 men are still at work.

Chester D. Tripp, of Chicago, general manager of the Rogers, Brown Ore Co., is expected in Crosby and it is believed an amicable settlement will soon be arranged.

Guests at the Spalding hotel in Crosby were surprised last evening when the entire force of waiter girls walked out. The management was not dismayed and soon filled their places with men.

It is reported that the storekeepers of Crosby may combine and refuse any more credit. Payday at the mines is on or about the fifteenth of the month and at this stage of the month many of the men are short of money.

THOMPSON MINE TO RESUME SOON

Special to Dispatch:

Crosby, Minn., April 10—It is reported that the Thompson mine of the Inland Steel company will soon resume operations. The men at this mine, it is said, only walked out when visited by a delegation of the strikers.

DULUTH MAN'S VIEW OF STRIKE

Special to Dispatch:

Duluth, Minn., April 10—In an interview published in the Duluth News-Tribune, A. J. McLennan, manager for George H. Crosby, made the following statement: "From the information I have been able to get, the number of men who have walked out at the Kennedy, Armour No. 1 and Armour No. 2 mines at the Cuyuna iron range will not exceed 300.

"The men who are out are all underground miners. There is no disorder, and we do not anticipate any trouble or interference with our operations, which will continue without interruption.

"There is no union, and if the striking miners are affiliated with any labor organization we know nothing of it as we have never recognized a union at the mines."

FARMERS' UNION MEETING

At the Commercial Club on Saturday Afternoon for Purpose of Electing Officers

The Farmers' union will meet Saturday afternoon at two o'clock at the Commercial club rooms to elect officers for the ensuing term. A large attendance of members is desired.

GOPHER IRON CO. ENTERS THE RANGE

Incorporated at St. Paul, Stockholders Include Prominent Land Men of Northwest

DEERWOOD MEN INTERESTED

Are Oberg Bros. and Wilson Bradley —Company Has Acquired Valuable Holdings

The Gopher Iron company of St. Paul has just been incorporated under the laws of this state, capitalized at $500,000, of which $300,000 has already been paid in. The stockholders are mostly prominent land men of the Twin Cities, Iowa and Nebraska. Among the Cuyuna range stockholders are the Oberg Brothers and Wilson Bradley of Deerwood.

Frank E. Oberg has spent most of his time since the first of the year in the Twin Cities as well as in Iowa and Nebraska in the interest of this company, as he is a large stockholder and one of the incorporators. A pioneer on the Cuyuna iron range, Mr. Oberg has been closely identified with the range and is well and favorably known over the entire district. He has followed developments closely since the range was discovered and has extensive holdings in Cuyuna iron range properties, as well as real estate and townsites.

Other large stockholders are Geo. Urquhart, a land man and capitalist of St. Paul; Donald Quinlivan, a well known dealer in Canadian lands, Minneapolis; O. B. Walters, president of the Walters Land company of Manning, Iowa, and Weyburn, Saskatchewan, Canada; Roy W. Murray, promoter and large land dealer, Storm Lake, Iowa; H. W. Poling, Harlan, Iowa, an extensive operator in Canadian lands and fifty other land men equally well known. Wilson Bradley of Deerwood, is identified with the Oreland Townsite company and the Hale-Bradley Exploration company. John A. Oberg, of Deerwood, is the vice president of the Oreland Townsite Co. and county commissioner of Crow Wing county. Gust A. Oberg of Deerwood, is the secretary and treasurer of the Deerwood Clothing Co.

Messrs. Todd, Kerr and Frankel are the attorneys for the company. Mr. Todd, the senior member of the firm, has extensive interests on the range and is a recognized legal authority on exploration and mining corporations.

The company has already purchased a number of well located properties in different sections of the range and has also taken over a mining lease on the west half of the southeast quarter of section 19, township 46, range 29, which has been partly explored and a nice body of ore proven up. This property will be further developed with a view of mining it. This is a part of a large body of ore which is owned by the Adams Investment company, and as the surface is only from 35 to 50 feet it is a fine stripping proposition and can be mined at a small expense.

The company will put a number of drills at work at once and will have ample capital to carry on any work it may undertake. The men at the head of this company are all successful business men as well as thoroughly posted and familiar with the iron business and existing conditions on the Cuyuna range, which assures the success of the company from the start.

DISPATCH FUND BOOSTED AGAIN

Previously reported	$143.95
Unity Lodge of Odd Fellows	10.00
Total	$153.95

The donations for the relief of the flood sufferers were further enriched today by the receipt of a $10 check from Unity lodge, No. 194, of Odd Fellows. This brings the amount raised in Brainerd to $153.95.

GERMINATION TESTS NEEDED

Great Variation Found in the Germinating Qualities of Seeds From Same Locality

GRAIN BULLETIN'S WARNING

Every Producer of Grain Should Apply Germination Test on all Seed Before Planting

"Test your seed," says a grain bulletin just received from the Minneapolis Agricultural Experiment station. A great variation is found in the germinating qualities of seed from the same locality.

A sample of wheat grading No. 1 Hard shows a germination test of 90 per cent; a sample of No. 1 Durum only shows 65 per cent; a sample of barley shows 99 per cent and another sample from the same locality only shows 30 per cent.

It would therefore seem of great importance that every producer of grain should before seeding apply a germination test to all grain he intends to plant.

SOMETHING UNIQUE

Advertisment Party Given by First Congregational Church on Friday Evening

That modern advertising is not only educational but attractive will be proved on Friday night at the First Congregational church.

Under the auspices of the Christian Endeavor society a party will be given, all the members of the society will dress to represent advertisements, and while it is not compulsory, those who wish to attire themselves as such are cordially invited to do so, and will be greatly welcomed.

The first part of the program will be the dress parade. Each member of the following list will have something to say respecting their representation:

Gold-Dust Twins—Julia Wilson and Leona Holst.
Sapolio—Minnie Budd.
Canthrox—Evelyn Mahood.
Irving's Best Flour—Mabel Halmond.
Baker's Cocoa—Miss Whiteley.
Domino Sugar—Miss Sheridan.
Knox Gelatine—Venice Holst.
Pompeian Cream—Mrs. Owens.
Tomato Ketchup—Jennie Wells.
Pocahontas Coal—Alice Hayne.
Domestic Vacuum Cleaner—Miss Robinson.
Occident Flour—Miss Resmus.
Jello—Lenore Kitchen.
O. Cedar Polish—Mrs. E. P. Slipp.
Sanitol—Miss C. Davis.
U. M. C. Cartridges—Miss A. Bachen.
Old Dutch Cleanser—Mrs. F. Seeger.

The program will be followed with other attractions, such as fishing pond, candy table and refreshments. Everybody is cordially invited to attend, program to commence at eight o'clock sharp. Watch the Dispatch locals tomorrow night for further information.

TENNIS CLUB ELECTION

Dr. A. W. Ide Heads the Local Club —Plans Laid to Improve the Grounds

The Brainerd tennis club held a meeting at the Commercial club rooms last night and elected the following officers for the ensuing term:

President—Dr. A. W. Ide.
Vice President—C. J. Duffey.
Secretary—Lowry Smith.
Treasurer—P. W. Donovan.

Plans were made to improve the tennis court for this season's playing.

EVERYBODY LIKES "MINNESOTA" SPAGHETTI

Those Brainerd housekeepers who are often puzzled about meals, should serve the deliciously appetizing "Minnesota" Spaghetti at least twice each week.

The whole family, and the men folks particularly, will like the delicious flavor of "Minnesota" Spaghetti, and it gives them strength and vitality without overloading the stomach. It is much better than so many heavy meals of meat.

And besides, "Minnesota" Spaghetti is so easy to prepare and you make a big saving in household expenses if you serve it often—it costs only about one cent a dish.

Insist on "Minnesota" Spaghetti—made from the VERY BEST DURUM wheat with ALL the nourishing Gluten left in.—Advt.

L. M. KOOP

THE CUYUNA RANGE STRIKE SITUATION

Men on Strike and Men Not Working at Four Mines Estimated at 850 Miners

THOMPSON MAY RESUME SOON

No Disorder of Any Kind on Range—Chester D. Tripp, General Manager, Expected Soon

The Cuyuna range strike still continues and the men have not returned to work. Approximately 850 miners, counting those striking and those who discontinued work, are idle and they embrace practically all those working underground in this section of the north range, as well as a few score of surface men.

The Kennedy mine at Cuyuna, the Armour No. 1 and Armour No. 2 mines at Ironton and the Thompson mine of the Inland Steel company near Crosby have ceased hoisting.

A miners' committee of eight, composed of two from Crosby, four from Ironton and two from Cuyuna, is acting in an advisory capacity and a meeting with the mining companies is scheduled to take place today. The general feeling is that the grievances of the men will be satisfactorily adjusted.

The strikers demand a minimum wage scale of $3 a day flat in place of the present contract system under which they are paid according to the amount of ore mined. They also ask a change in night shift hours and as the shifts alternate, all are interested in this demand.

There is no disorder. The miners early petitioned the authorities to close the saloons and they have also, says the miners' committee, offered to furnish 50 men to act as special police to protect the mining properties.

Parading Crosby Wednesday morning with a Finlander brass band at the head, 400 miners marching in close rank three abreast visited the Thompson mine and induced the miners there to quit work. The parade was fully two blocks long. It is reported that Industrial Workers of the World organizers may arrive in Crosby today.

A heavy blizzard raged Wednesday evening and caused the great majority to seek the shelter of their homes. Sheriff Reid, Deputy Sheriff Claus Theorin and a number of deputies arrived at Crosby Wednesday. The deputies have been distributed about the various mining properties.

Mayor Culver Adams, of Deerwood, has ordered the saloons of his town closed should any of the miners leave the strike area four mile distant. The saloons in the strike district at Crosby, Cuyuna, Ironton and Julesburg are tightly closed.

Brewing companies have forbidden their agents to sell case beer and the embargo on liquor is now complete.

The report that the Pennington mine, a stripping proposition west of Ironton and Crosby, had gone out is erroneous. The 200 men are still at work.

Chester D. Tripp, of Chicago, general manager of the Rogers, Brown Ore Co., is expected in Crosby and it is believed an amicable settlement will soon be arranged.

Guests at the Spalding hotel in Crosby were surprised last evening when the entire force of waiter girls walked out. The management was not dismayed and soon filled their places with men.

It is reported that the storekeepers of Crosby may combine and refuse any more credit. Payday at the mines is on or about the fifteenth of the month and at this stage of the month many of the men are short of money.

THOMPSON MINE TO RESUME SOON

Special to Dispatch:

Crosby, Minn., April 10—It is reported that the Thompson mine of the Inland Steel company will soon resume operations. The men at this mine, it is said, only walked out when visited by a delegation of the strikers.

DULUTH MAN'S VIEW OF STRIKE

Special to Dispatch:

Duluth, Minn., April 10—In an interview published in the Duluth News-Tribune, A. J. McLennan, manager for George H. Crosby, made the following statement: "From the information I have been able to get, the number of men who have walked out at the Kennedy, Armour No. 1 and Armour No. 2 mines at the Cuyuna iron range will not exceed 300.

"The men who are out are all underground miners. There is no disorder, and we do not anticipate any trouble or interference with our operations, which will continue without interruption.

"There is no union, and if the striking miners are affiliated with any labor organization we know nothing of it as we have never recognized a union at the mines."

FARMERS' UNION MEETING

At the Commercial Club on Saturday Afternoon for Purpose of Electing Officers

The Farmers' union will meet Saturday afternoon at two o'clock at the Commercial club rooms to elect officers for the ensuing term. A large attendance of members is desired.

GOPHER IRON CO. ENTERS THE RANGE

Incorporated at St. Paul, Stockholders Include Prominent Land Men of Northwest

DEERWOOD MEN INTERESTED

Are Oberg Bros. and Wilson Bradley —Company Has Acquired Valuable Holdings

The Gopher Iron company of St. Paul has just been incorporated under the laws of this state, capitalized at $500,000, of which $300,000 has already been paid in. The stockholders are mostly prominent land men of the Twin Cities, Iowa and Nebraska. Among the Cuyuna range stockholders are the Oberg Brothers and Wilson Bradley of Deerwood.

Frank E. Oberg has spent most of his time since the first of the year in the Twin Cities as well as in Iowa and Nebraska in the interest of this company, as he is a large stockholder and one of the incorporators. A pioneer on the Cuyuna iron range, Mr. Oberg has been closely identified with the range and is well and favorably known over the entire district. He has followed developments closely since the range was discovered and has extensive holdings in Cuyuna iron range properties, as well as real estate and townsites.

Other large stockholders are Geo. Urquhart, a land man and capitalist of St. Paul; Donald Quinlivan, a well known dealer in Canadian lands, Minneapolis; O. B. Walters, president of the Walters Land company of Manning, Iowa, and Weyburn, Saskatchewan, Canada; Roy W. Murray, promoter and large land dealer, Storm Lake, Iowa; H. W. Poling, Harlan, Iowa, an extensive operator in Canadian lands and fifty other land men equally well known. Wilson Bradley of Deerwood, is identified with the Oreland Townsite company and the Hale-Bradley Exploration company. John A. Oberg, of Deerwood, is the vice president of the Oreland Townsite Co. and county commissioner of Crow Wing county. Gust A. Oberg of Deerwood, is the secretary and treasurer of the Deerwood Clothing Co.

Messrs. Todd, Kerr and Frankel are the attorneys for the company. Mr. Todd, the senior member of the firm, has extensive interests on the range and is a recognized legal authority on exploration and mining corporations.

The company has already purchased a number of well located properties in different sections of the range and has also taken over a mining lease on the west half of the southeast quarter of section 19, township 46, range 29, which has been partly explored and a nice body of ore proven up. This property will be further developed with a view of mining it. This is a part of a large body of ore which is owned by the Adams Investment company, and as the surface is only from 35 to 50 feet it is a fine stripping proposition and can be mined at a small expense.

MAHLUM LUMBER CO.

261t3

The Clothing Industry

One of the most interesting industrial films ever produced will be shown at the Grand Theatre on April 10. This film, entitled "The Clothing Industry," from sheep to wearer, very cleverly illustrates every angle incidental to the manufacture of that most staple, but very slightly understood commodity—the clothing we wear.

Because of the universal lack of understanding of clothing, this film should prove of special interest to the public and particularly to the mothers who are called upon to select the clothing of their children.

In this picture is first shown the herding and shearing of sheep on through the various processes through which wool passes from the time it leaves the sheep's back until it becomes cloth.

At this juncture the picture takes us to the immense model factories of Messrs. Mayer Bros., of Chicago, Ill. Practically every step in the manufacture of high-grade clothing under modern, sanitary conditions is shown, the subject being concluded by a scene in a large retail clothing store illustrating the sale of Messrs. Mayer Bros.' well known brands, "Graduate" and "Viking" clothes for young men and "Wooly Boy" all wool clothes for boys, to a host of satisfied customers.

The exhibition of this film in The Grand is made possible through the courtesy and co-operation of the Grand Theatre, Messrs. Mayer Bros., Chicago, and H. W. Linnemann, who distributes their well known brands of clothing in this vicinity.

RESIDENCE SECTION RESEMBLES PARK

Fine Shade Trees, Level Ground and Beautiful Lawn Impresses Visitors at Barrows

NEWS OF BUILDING PLANNED

Excursion of Mesaba People Visits Townsite Sunday—Work Started on Peck Bldg.

Barrows, Minn., April 9—A large number of visitors are arriving in Barrows every day and looking over the town. Some are buying lots and others looking over the lots they have bought and making arrangements for putting up buildings.

Last Sunday, John Schwab, the townsite company's agent on the Mesaba iron ranges, brought down a number of people from those ranges who bought lots. All were very much impressed with the growth of the town which had been attained in so short a time.

Marcus Grande's livery barn and warehouse are nearing completion.

Richard Bergum, the real estate man, is a very busy man these days taking care of the people coming to town.

S. Essen, of Duluth, was in Borrows Sunday and Monday looking over the town and he intends to come back to Barrows in a short time and settle there.

S. H. Nicholas, of Duluth, was in Barrows Monday last looking over the town. Mr. Nicholas owns the corner across from the First State bank of Barrows and expects to improve this corner with a brick or concrete building in the very near future. He was very much surprised to find the many buildings put up since he purchased his lots last fall.

A number of bricklayers arrived in town Monday to start work on the Peck building.

H. A. Peterson the merchant, reports business very good.

John Wahl, of Duluth, was in town Sunday and Monday attending to business matters.

Every visitor to the town is deeply impressed with the ideal location and platting of the same. They are highly enthusiastic over the residence section of the town especially. The same is level, covered with fine shade trees and a beautiful lawn and i sreally more like a park. The street to the Mississippi river will be opened up soon, giving the people of the town some of the finest scenery to be found anywhere on the range.

Alfred Quackenbush, president of the Quackenbush Mercantile Co., reports business the best he has ever seen it.

Your Druggist Stops That Itch

If you are suffering from Eczema Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds.

We have sold other remedies for skin troubles, but none that we could recommend as highly as this, a mild wash of Oil of Wintergreen Thymol and a few other ingredients that have wrought such wonderful cures all over the country.

This compound is known as D.D.D. Prescription for Eczema and it will cool and heal the itchy, burning skin as nothing else can.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big-profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—if you do not find that it takes away the itch AT ONCE it costs you not a cent.

THE WILY TURK.

Subtle Ruse That Enabled Abdul Aziz to Visit France.

It is rare that a privilege enjoyed by the subjects of a country is denied to its ruler, yet by a law of the Koran the sultan may not leave his realm unless he goes sword in hand for the purpose of conquering new provinces. Das Buch fur Alle tells how Sultan Abdul Aziz traveled abroad without breaking the law.

Abdul Aziz was very eager to accept Napoleon III.'s invitation to visit the exposition at Paris in 1867. But between his desire and its attainment stood the law of the Koran, which he could neither disobey nor set aside. His ministers advised him to come to an amicable understanding with Napoleon and, after announcing that war had been declared upon France, to journey to the exposition, sword in hand. This scheme, however, seemed of doubtful advisability, and finally a simpler plan was adopted.

One day the morning papers of Constantinople contained the startling news that Napoleon III. had made the sultan a present of France. Abdul Aziz was of course at entire liberty to visit his new province, and he decided to do so at once. Paris and all France were greatly amused at the subterfuge that their guest had practiced and offered no objections to his approach.

After a very pleasant visit in Paris Abdul Aziz returned to Turkey. But before he left he magnanimously gave France back to Napoleon.

Are You Constipated?

If so get a box of Dr. King's New Life Pills, take them regularly and your trouble will quickly disappear. They will stimulate the liver, improve your digestion and get rid of all the poisons from your system. They will surely get you well again. 25c at H. P. Dunn's.—Advt. tts

Chalmers "Thirty-Six" gives the answer to both

--to the man who is thinking of buying a cheap car:

The difference between the Chalmers "Thirty-Six" and some other car you may be thinking of buying is probably about $300 or $400.

But the difference in value, we can honestly assure you, isn't less than $1000.

Nowadays it is not merely enough that an automobile run. You can take that much for granteed with almost any car. What you should look for is permanent satisfaction, comfort, good looks, elegance of equipment. You want a car you can be proud of. You want a car that will be good 5 or 6 or 8 years from now.

The Chalmers "Thirty-Six" is such a car.

Built in the Chalmers shops, manufactured—not assembled—made of the best materials and under the most rigid inspection, the "Thirty-Six" offers all you can ask in a motor car. If you are going to spend your money at all for a motor car, isn't it wise economy to put $300 or $400 more to it and make your first investment really good?

--to the man who is thinking of buying a high priced car:

Just what more do you get in any high priced car than you you get in the Chalmers "Thirty-Six," at $1950? Can you go any further in a day or a month? Can you you go any faster, (except at great risk)?

Can you ride with any greater comfort? Can you get any more conveniences to make driving easy and pleasant?

We honestly believe that many people choose high priced cars simply because they are high priced.

We know of many who have paid more than they really needed to pay—simply because they didn't realize that a medium priced car like the "Thirty-Six" would give maximum service.

We know these same people are paying out monthly far more in unkeep than they would need to pay for such a car as the "Thirty-Six."

To all such we say, "See the "Thirty-Six"; ride in it; try it out thoroughly. It is a car you can be proud of—a car that will save you money—but not at the cost of satisfaction.

Won't you give us the opportunity of demonstrating the Chalmers "Thirty-Six"? Please phone or call.

Wales at the Bat.

In one of George Meredith's letters, written in the sixties, he relates that "when the Prince of Wales was in Ireland he came to the viceregal lodge and played cricket. C. warned all the opposition bowlers that royal patronage of the manly game depended on Prins getting at least one run, having missed while fielding two fine smack-into-the-hand catches. Wales goes on and faces an unnamed, steady, determined Briton of a bowler, round, ruddy—an inevitable creature, one clearly selected by the gods to do this black business with the utmost satisfaction and comfort. Down went the wicket of your Prins at the first delivery of ball!"—London Chronicle.

Idle Curiosity.

"Pa, what is meant by idle curiosity?"

"A very good example of idle curiosity, my son, is a twelve dollar a week clerk asking the price of automobile tires."—Birmingham Age-Herald.

The Clothing Industry

One of the most interesting industrial films ever produced will be shown at the Grand Theatre on April 10. This film, entitled "The Clothing Industry," from sheep to wearer, very cleverly illustrates every angle incidental to the manufacture of that most staple, but very slightly understood commodity—the clothing we wear.

Because of the universal lack of understanding of clothing, this film should prove of special interest to the public and particularly to the mothers who are called upon to select the clothing of their children.

In this picture is first shown the herding and shearing of sheep on through the various processes through which wool passes from the time it leaves the sheep's back until it becomes cloth.

At this juncture the picture takes us to the immense model factories of Messrs. Mayer Bros., of Chicago, Ill. Practically every step in the manufacture of high-grade clothing under modern, sanitary conditions is shown, the subject being concluded by a scene in a large retail clothing store illustrating the sale of Messrs. Mayer Bros.' well known brands, "Graduate" and "Viking" clothes for young men and "Wooly Boy" all wool clothes for boys, to a host of satisfied customers.

The exhibition of this film in The Grand is made possible through the courtesy and co-operation of the Grand Theatre, Messrs. Mayer Bros., Chicago, and H. W. Linnemann, who distributes their well known brands of clothing in this vicinity.

RESIDENCE SECTION RESEMBLES PARK

Fine Shade Trees, Level Ground and Beautiful Lawn Impresses Visitors at Barrows

NEWS OF BUILDING PLANNED

Excursion of Mesaba People Visits Townsite Sunday—Work Started on Peck Bldg.

Barrows, Minn., April 9—A large number of visitors are arriving in Barrows every day and looking over the town. Some are buying lots and others looking over the lots they have bought and making arrangements for putting up buildings.

Last Sunday, John Schwab, the townsite company's agent on the Mesaba iron ranges, brought down a number of people from those ranges who bought lots. All were very much impressed with the growth of the town which had been attained in so short a time.

Marcus Grande's livery barn and warehouse are nearing completion.

Richard Bergum, the real estate man, is a very busy man these days taking care of the people coming to town.

S. Essen, of Duluth, was in Borrows Sunday and Monday looking over the town and he intends to come back to Barrows in a short time and settle there.

S. H. Nicholas, of Duluth, was in Barrows Monday last looking over the town. Mr. Nicholas owns the corner across from the First State bank of Barrows and expects to improve this corner with a brick or concrete building in the very near future. He was very much surprised to find the many buildings put up since he purchased his lots last fall.

A number of bricklayers arrived in town Monday to start work on the Peck building.

H. A. Peterson the merchant, reports business very good.

John Wahl, of Duluth, was in town Sunday and Monday attending to business matters.

Every visitor to the town is deeply impressed with the ideal location and platting of the same. They are highly enthusiastic over the residence section of the town especially. The same is level, covered with fine shade trees and a beautiful lawn and i sreally more like a park. The street to the Mississippi river will be opened up soon, giving the people of the town some of the finest scenery to be found anywhere on the range.

Alfred Quackenbush, president of the Quackenbush Mercantile Co., reports business the best he has ever seen it.

Your Druggist Stops That Itch

If you are suffering from Eczema Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds.

We have sold other remedies for skin troubles, but none that we could recommend as highly as this, a mild wash of Oil of Wintergreen Thymol and a few other ingredients that have wrought such wonderful cures all over the country.

This compound is known as D.D.D. Prescription for Eczema and it will cool and heal the itchy, burning skin as nothing else can.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big-profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—if you do not find that it takes away the itch AT ONCE it costs you not a cent.

H. P. Dunn, druggist.—Advt.

THE WILY TURK.

Subtle Ruse That Enabled Abdul Aziz to Visit France.

It is rare that a privilege enjoyed by the subjects of a country is denied to its ruler, yet by a law of the Koran the sultan may not leave his realm unless he goes sword in hand for the purpose of conquering new provinces. Das Buch fur Alle tells how Sultan Abdul Aziz traveled abroad without breaking the law.

Abdul Aziz was very eager to accept Napoleon III.'s invitation to visit the exposition at Paris in 1867. But between his desire and its attainment stood the law of the Koran, which he could neither disobey nor set aside. His ministers advised him to come to an amicable understanding with Napoleon and, after announcing that war had been declared upon France, to journey to the exposition, sword in hand. This scheme, however, seemed of doubtful advisability, and finally a simpler plan was adopted.

One day the morning papers of Constantinople contained the startling news that Napoleon III. had made the sultan a present of France. Abdul Aziz was of course at entire liberty to visit his new province, and he decided to do so at once. Paris and all France were greatly amused at the subterfuge that their guest had practiced and offered no objections to his approach

After a very pleasant visit in Paris Abdul Aziz returned to Turkey. But before he left he magnanimously gave France back to Napoleon.

Chalmers "Thirty-Six" gives the answer to both

--to the man who is thinking of buying a cheap car:

The difference between the Chalmers "Thirty-Six" and some other car you may be thinking of buying is probably about $300 or $400.

But the difference in value, we can honestly assure you, isn't less than $1000.

Nowadays it is not merely enough that an automobile run. You can take that much for granteed with almost any car. What you should look for is permanent satisfaction, comfort, good looks, elegance of equipment. You want a car you can be proud of. You want a car that will be good 5 or 6 or 8 years from now.

The Chalmers "Thirty-Six" is such a car.

Built in the Chalmers shops, manufactured—not assembled—made of the best materials and under the most rigid inspection, the "Thirty-Six" offers all you can ask in a motor car. If you are going to spend your money at all for a motor car, isn't it wise economy to put $300 or $400 more to it and make your first investment really good?

--to the man who is thinking of buying a high priced car:

Just what more do you get in any high priced car than you you get in the Chalmers "Thirty-Six," at $1950? Can you go any further in a day or a month? Can you you go any faster, (except at great risk)?

Can you ride with any greater comfort? Can you get any more conveniences to make driving easy and pleasant?

We honestly believe that many people choose high priced cars simply because they are high priced.

We know of many who have paid more than they really needed to pay—simply because they didn't realize that a medium priced car like the "Thirty-Six" would give maximum service.

We know these same people are paying out monthly far more in unkeep than they would need to pay for such a car as the "Thirty-Six."

To all such we say, "See the "Thirty-Six"; ride in it; try it out thoroughly. It is a car you can be proud of—a car that will save you money—but not at the cost of satisfaction.
